WE ARE Hiring

TN READING RESEARCH CENTER

The Tennessee Reading Research Center is hiring a computer programmer intern. Pay is $15 per hour for undergraduates or $20 per hour for graduate students. The expected time commitment is 15 hours of work per week. Applicants must be current UTK students.

COMPUTER PROGRAMMER INTERN

RESPONSIBILITIES

- Design and modify web applications by using HTML, CSS, JavaScript, CSS, PHP, and SQL
- Write Python scripts to integrate data from databases and other sources into other applications
- Prototype web applications from ideas to minimum viable products for user testing and release
- Develop central libraries of common local code, PHP functions, and CSS/Bootstrap for shared use within multiple applications
- Collaborate with our project manager and online learning specialist to update and enhance our eLearning application
- Ensure current web applications are running smoothly
- Create and maintain clear documentation
- Assist in the management of cloud-based web-hosting servers
- Arrive to work on time, ready to work, and dressed appropriately (business casual)
- Conduct themselves professionally within the work environment

REQUIRED QUALIFICATIONS

- A strong work ethic
- Ability to learn new programming skills and languages as needed
- Ability to work independently or as part of a team
- In-depth knowledge of some or all HTML, CSS
- JavaScript, PHP, SQL, and Python
- In-depth knowledge of data structures, object-oriented programming, and basic time complexity
- Experience coding in multiple programming languages
- Must be currently enrolled as a student at the University of Tennessee
